

Who? Eight Risk Management and Insurance Specialists with global experience.

What? A resource to help companies assess business risks and exposures, and to structure appropriate, **cost-effective** methods to retain, reduce, avoid or transfer risks (including insurance).

How? Early, pro-active involvement with project sponsors and companies so that clients benefit from IFC's experience and input in risk identification, analysis and treatment at corporate and project levels.

Specifically, the Insurance Services Group can assist with:

- ▶ Guidance on risk management process
- ▶ Guidance on ways to reduce total cost of risk
- ▶ Input into possibilities of transfer of risks to other parties
- ▶ Input into corporate or global risk management strategies
- ▶ Sharing of regional or sectoral data on insurance pricing, terms and conditions
- ▶ Sharing of peer group risk management and insurance best practices
- ▶ Input into selection process for external advisors and brokers
- ▶ Assist in claims negotiations
- ▶ Training and presentations
