Title:	IFC organizes training for new mediators
Summary:	IFC program for Alternative Dispute Resolution (ADR), in cooperation with the Centre of Conflict Management of Netherlands, will organize a training of five days for mediators. This training will be organized for course participants interested to become mediators come from different professions/background. The aim of the IFC program is to train new mediators. During this training they will learn the theoretically and practically how mediation works, explaining its characteristics, its procedure, its implementation and its effects. This method is applied from a long time by the countries of European Union and these last years is applied even in the South East Europe.
