IMPROVE LIVES, IMPROVE YOUR BUSINESS

I supervise 70 people - all men. Through training, I learned creative ways to improve how I communicate with them.”

Jaydita Malika, Field Supervisor, GPPOL, Solomon Islands

Fifteen of the largest companies in Solomon Islands - including GPPOL - are pioneering measures to promote gender equality in the workplace. Through the Waka Mere Commitment to Action, they work toward at least one of three goals: promote more women in leadership, build respectful and supportive workplaces, and increase opportunities for women in jobs traditionally held by men. Both companies and employees have already started to see the benefits.
