1. Country progress summary – Ecuador

**SBN Member:** Association of Private Ecuadorian Banks (Asobanca) (member since 2016)

**SBN Working Group:** Green Bond Working Group

**Key policy documents:**
- Ecuador Sustainable Banking Protocol (Asobanca, 2016)

**Key milestones since 2018 SBN Report:**
- Ecuador’s first NDC was submitted in 2019. Protecting the social improvements achieved during the oil boom period is also a national priority.
- As of 2019, Asobanca’s focus has been to work with the Federation of Latin American Banks (Felaban) to address important topics such as E&S risks (including climate risks), climate financing, and its monitoring and impact.
- Ecuador has progressed from “Formulating” under the “Preparation” stage to “Developing” under the “Implementation” stage, as indicated in the “Progression Matrix” below.

**SBN and IFC role:** IFC, in partnership with Canada, has provided capacity building to support Asobanca develop and implement the Protocol. Through SBN, Asobanca has shared its experience with other SBN members and benefited from the collective SBN knowledge base.
Note:
1. Please refer to the SBN Global Progress Report for an explanation of the Progression Matrix.
2. Ghana and Thailand launched their policies and principles in August 2019, after the cut-off date of June 2019 for this report.

The protocol provides definitions and examples of green assets. It encourages FIs to develop green finance activity, and identifies priority sectors, including energy, construction, tourism, and biotech. FIs are also asked to encourage clients to invest in green assets, making use of local, national and international incentives.

<td><strong>E&amp;S policy</strong>&lt;br&gt;E&amp;S risk management is the third strategy the Protocol requires FIs to develop. FIs are asked to define policies and procedures for analyzing and categorizing investments according to E&amp;S criteria, in line with international best practice. FIs are encouraged to go beyond E&amp;S requirements from local laws and regulations.</td>
