About Christian Super

- Australian pension fund, representing the Christian faith community
- 30,000 members; $1.1bn USD.
- Responsible investment criteria applied across the whole investment portfolio, in four ways:
  - Negative Screening for harmful activities
  - Integration of Environmental, Social and Governance factors
  - Proxy Voting and Corporate Engagement strategies
  - Impact Investing
Motivation for Signing IFC Operating Principles

- Impact investing is meaningful to our portfolio
- We want to see continued growth in impact investing as a field
- It is important to demonstrate positive social & environmental impact
- Our impact investment portfolio was already designed to achieve most principles
- Signing the principles pushed us towards best practice in other areas
Key Challenges

- Seeking to adopt a consistent approach to measuring impact across a multi-manager portfolio
- Understanding the contribution that our investment makes to achieving impact outcomes
Opportunities

- Learn from best practice case studies
- Identify opportunities for improving our practice
- Engage with like-minded investors who want to make impact investments
Next Steps

- We released our first full impact report in 2019
- We are continuing to develop
  - Ways of building impact across our portfolio
  - Consistent measurement methodologies
