IMPROVE LIVES, IMPROVE YOUR BUSINESS

My leadership course equipped me with critical management tools. I learned to take the time to listen and explain, delegate tasks, and follow up. I even apply this at home where I created a board for sharing duties.

Fifteen of the largest companies in Solomon Islands - including BSP - are pioneering measures to promote gender equality in the workplace. Through the Waka Mere Commitment to Action, they work toward at least one of three goals: promote more women in leadership, build respectful and supportive workplaces, and increase opportunities for women in jobs traditionally held by men. Both companies and employees have already started to see the benefits.
