Creating Markets, Creating Opportunities
Examples of Successful Cooperation

CVC Capital, Thailand
In June 2021, IFC committed a $100 million loan to Ngern Tid Lor Company Limited (NTL), a leading non-bank financial institution in Thailand, partially owned by a fund managed by CVC Capital Partners, a UK-based private equity and investment advisory firm. The loan will support NTL's financing program for micro and small enterprises in Thailand. IFC's investment will increase access to finance for micro and small enterprises in underserved areas of Thailand, helping the economic recovery following the COVID-19 pandemic and contributing to financial inclusion.

HSBC, Bangladesh
In May 2021, IFC committed $100 million as part of an unfunded risk sharing facility with HSBC Bangladesh, a wholly owned subsidiary of HSBC, a British multinational investment bank and financial services holding company. IFC's share in the facility will allow HSBC Bangladesh to extend additional finance to its existing clients in agribusiness, power, clean energy, ready-made garment and pharmaceutical sectors, which are critical for the country's economic growth. IFC's investment will increase access to finance for companies in the key sectors of Bangladesh's economy, supporting growth and increasing employment.

Barclays, South Africa
In April 2021, IFC committed a $150 million senior loan to Absa Bank, the third largest bank in South Africa in terms of assets, owned by Absa Group, one of Africa's largest financial services groups. The largest shareholder of Absa Group is Barclays, a multinational bank headquartered in the UK. The loan will support the bank's strategy to expand its climate finance business and help South Africa meet its greenhouse gas reduction targets. This is the first certified loan in Africa that complies with the Green Loan Principles. IFC's investment will help increase climate finance in South Africa, particularly for biomass and other renewable energy projects, supporting the country's power sector and economic recovery from COVID-19. IFC will also provide technical assistance related to Absa Bank's climate strategy and green loan/green bond framework.

Global Tea, Malawi
In June 2018, IFC and the Global Agriculture and Food Security Program (GAFSP) committed a $4 million loan to support the expansion of Global Tea and its subsidiaries. Global Tea is an agribusiness group founded in the UK in 1992, that operates macadamia and coffee plantations in Malawi and tea packing factories in Kenya. Global Tea will use IFC's financing to expand its operations in Malawi, both for macadamia and coffee, and developing a program to support smallholder farmers. IFC's investment will contribute to the development of agribusiness industries in Kenya and Malawi, and create up to 900 jobs for farmers who supply the group. In addition, the project will support climate-smart agricultural practices, thereby boosting the sustainable production of commodities.
